RE: REQUEST FOR THE RELEASE OF ALL DOCUMENTS RELATING TO FINANCIAL EXPENDITURE OF LABOUR PARTY FOR THE PAST TWO YEARS; SALARY SCHEDULE, RECEIPTS, INVOICES AND PAYMENT VOUCHERS.

My functions as the National treasurer is without ambiguity and the above request is beyond the directive of the National Chairman and has more to do with compliance with the clear provisions of our Party's Constitution.

The accounting and internal control system was established by the Constitution when it specifically gave the oversight authority of all financial transactions to the National Treasurer. My advice to you on several occasions about the right financing process has met deaf ears, it has been severally undermined in Favour of a process that is not transparent and lacks accountability, but I am still insisting that the right accounting internal control system be established and that all relevant documents relating to the Party's financial procedures are properly disclosed and made available for my review and subsequent presentation of a more robust, comprehensive and transparent audited report for the Party for accountability and records purposes.

The account Department if truly it exists should have been operating under the supervision of the office of the National treasurer because what we have in place is a system that lacks transparency, accountability and accessibility.

Any attempt to send that your doctored and hoax report to INEC will be resisted by me as I will view it as an ambitious effort to undermine my credibility, competence and office as the National Treasurer of Labour Party, LP, who is vested with the sole responsibility of maintaining financial accounting/reporting integrity of the party from time to time and also a signatory to the account, Article 14, 6a,b & c.

Whatever document the secretary keeps is for official administrative purposes, documentation and reconciliation of records while I remain the Chief financial manager of all Party funds.

Thank you for your cooperation.

Your sincerely,

RE: OFFICIAL MEMO OF REQUEST TO FORWARD MY EMAIL ADDRESS TO ALL BANKS WHERE OUR PARTY ACCOUNTS ARE DOMICILED FOR THE PURPOSE OF RECEIVING OFFICIAL TRANSACTIONS ALERT.

I received your letter dated 16th August 2023 in response to my letter of request with the above subject heading, dated 8th August 2023

The response is way out of context of the subject matter, you made reference to Article 14, 1b and C of the Party's Constitution 2019 (as amended).

For the purpose of clarity, below are responses to the misleading claims in your letter.

1) Article 14 1b, clearly states that you (National Chairman) shall be the accounting officer of the Party and my humble self (National Treasurer) the Chief Financial account manager of the Party in relation to all financial transactions as clearly stated in Article 14. 6b "shall ensure the preparation of Annual Statement of account/reporting on finances of the Party including compilation of the Party's assets and liabilities and make same available to the National Executive Council (NEC) from time to time" these powers clearly given to me as the elected substantive National Treasurer of our great Party and I was also directed to report back to the second highest ranking organ of the Party, National Executive Council (NEC) and not to you. As the accounting officer of the Party, you must be accountable to the clear provisions of the constitution and not to undermine it.

(2) You also made reference to article 14, 1c as one of the reasons why you have denied me access to the accounts and your attempt to justify your blatant refusal to open up the accounts of the Party to the office of the National treasurer by misrepresenting the content of the Party's constitution, you stated that the National Financial Secretary is responsible for the preparation of books of accounts and periodic reports falls within the purview of my office and that of the National Financial Secretary, please I'll will advise that you read Article 14, 6a,b and Article 14, 7a, b to get a better understanding of the provisions of the constitution. I am not operating

NATIONAL HEADQUARTERS

31
under a delegated authority but as the substantive authority as the National Treasurer of the Party and that deals with all matters related to our Party's finances.

3) it is absurd that you would refer to financial records of the Party that should be under the supervision and management of the National Treasurer as a confidential document that I can not have access to, these records are subject to review by my office as Part of my functions and should be readily available and accessible on or before final approval of any payment. The National Treasurer is in charge of the treasury, that we have to resort to this back and forth is a clear indication that something is wrong somewhere.

My request to receive notifications for all bank transactions is in line with my duties as the National treasurer, I should be in charge of all monies and should know when funds are deposited into the account and when funds are withdrawn or transferred from the account as this is the standard procedure in line with international best practices for the management of Public funds and the continuous operation of all Labour Party bank accounts and inability to carry out my statutory duties is in contravention of Labour Party's constitutional provisions.

As I await your signature on the letter of request to all banks for me to get alert and bank statement on all withdrawals and deposits from the bank accounts. I will continue to discharge my duties diligently in line with the provisions of the constitution.

Thank you for your cooperation.

Your sincerely,

The current auditing Year under review by the Independent National Electoral Commission (INEC) and our Party is 2022 - 2023, as it is required by law that all Political Parties submit their election expenses to the Commission (INEC) and as the National Treasurer of Labour Party, Article 14 6(b) of the Party constitution makes it my duty and responsibility to ensure proper account/reporting of all financial transactions of our great Party.

I was taken aback when you said that I should provide approvals for the money approved by you as the principal signatory to all accounts operated by the Labour Party, (LP), except if you are suggesting that you append your signature to Cheques without necessary paperwork.

My letter contains the Interim Report covering: June, 2022 to May 2023 for funds received through my office, see breakdown below;

Sir,

REMINDER: REQUEST FOR THE RE-ACTIVATION OF DOMANT LABOUR PARTY ACCOUNT DOMICILED IN ZENITH BANK PLC

I want to remind you of the request made through an internal memo dated 24th September 2023, in respect to the Party's DOMANT account with the following details:

Account number: 1010984346
Bank: Zenith Bank PLC

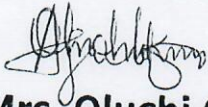

My humble request for a letter to reactivate the account to ensure that burning issues resulting from the operation of the account are treated and captured by the on-going process of the auditing of all accounts of the Party with no exception is yet to get the necessary response from your office.

This is public money and we need to make sure that we accurately state how it was spent and an audit done responsibly in line with the principles of transparency as preached by our Presidential candidate Mr. Peter Obi.

Your deliberate refusal to grant me access and necessary support to conduct a comprehensive review of the funds received by the Party and how it was spent is now giving me reason to take my request to authorities higher than you to look into all the issues raised in all my previous letters/memos.

I have tried my best to do what is right within the ambit of the constitutional provisions granted to my office as the National Treasurer of Labour Party (LP), Article 14, 6 a,b,c, Article 20, 2b, Article 25, C iii, 2, as a critical principal signatory to all accounts operated by our great Party and also the person who has been entrusted with the responsibilities to review, manage and audit all financial statements of accounts.

I will continue to do what is right and whatever happens after this letter take it as my commitment to continue to do what is right in the overall interest of all members of our great Party.

SIR,

OFFICIAL REQUEST OF THE TOTAL AMOUNT OF MONEY REALIZED FROM THE SALES OF FORMS FOR THE JUST CONCLUDED BYE-ELECTIONS AND RE-RUNS.

This will help me keep tab on the financial status of the party. I need this information because up until this date I still don't get alert from the banks and that has made it impossible for me to keep propal track of monies received and how the monies are been spent.

While expecting your cooperation on this and all previous requests for open book to enable us keep our records in order ahead of future presentations to all shareholders when the need arises, it is on this premise that I plead with you that all due and required documents be made available to me for review and necessary action.

Yours in the service of Party and country.

SIR,

**THERE SEEMS TO BE NO END IN SIGHT FOR THE CONTINUOUS ACT OF
MONEY LAUNDERING, EMBEZZLEMENT AND MISAPPROPRIATION OF
LABOUR PARTY FUNDS.**

From all indications you have turned Labour Party to your personal Automated teller Machine (ATM), the latest in this series of events in relation to the above underlined subject matter is how you have squandered almost all the funds generated through the sales of forms for the bye-election, Reruns and Edo off circle Governorship elections without my consent and approval of the appropriate organ of the Party.

It is a well established fact that you siphoned money from the Party's account through third-Party accounts, those accounts will help you redirect such funds to other accounts that are approved by you for your personal benefit.

Let me remind you for the last time that Labour Party is a Public institution and all actions relating to financial expenditures must be in consonance with the constitution of the Party and Laws of the Federal Republic of Nigeria.

I have exhausted all avenues in my sincere pursuit to make you see reasons but all has fallen on deaf ears.

Sincerely,

Oluchi Oparah
National Treasurer
